

## SolarInvert Energy Solutions

# 1.5 kw solar inverter factory in Austria

## Overview

---

How to choose a solar pump inverter?

It is recommended that the MPPT range be (250V, 400V), and support AC and DC input. With IP20 protection class, solar pump inverters work in temperature (-10°C, 40°C). The solar pump inverter's humidity is less than 95%RH, widely applied in agricultural irrigation, seawater desalination, etc.

How many companies are involved in inverter production?

Companies involved in Inverter production, a key component of solar systems. 1,393 Inverter manufacturers are listed below. List of Inverter manufacturers. A complete list of component companies involved in Inverter production.

What is a solar pump inverter?

The solar pump inverter features a compact structure and a rugged casing that is impact-resistant, flame-retardant, aging-resistant, and corrosion-resistant. The 1.5kW pump inverter is expertly insulated, dust-proof, and moisture-proof, ensuring all users' stable, safe, and reliable operation.

Why should you buy a 1.5kw pump inverter?

The 1.5kW pump inverter is expertly insulated, dust-proof, and moisture-proof, ensuring all users' stable, safe, and reliable operation. The robust casing protects internal circuits and electronic components, ensuring the inverter's safety, stability, and reliability, effectively extending the product life.

What is the humidity of a solar pump inverter?

The solar pump inverter's humidity is less than 95%RH, widely applied in agricultural irrigation, seawater desalination, etc. 1.5 kW solar pump inverter's humidity is less than 95%RH, and vibration is less than 5.9m/s<sup>2</sup>. The solar pump inverter with air cooling works at temperature (-10°C, 40°C).

How does a PV pump inverter work?

The digital keypad of the 1.5kW PV pump inverter is clear and easy to use, directly controlling the start, stop, and acceleration functions. Users can easily set the inverter's parameters and adjust the output frequency to control the pump speed, meeting various operational needs effortlessly.
