

## SolarInvert Energy Solutions

# 1 5 kw solar inverter factory in Mozambique

## Overview

---

Is solar power a viable option for Mozambique?

High potential for hydro-electric power plants - both current and proposed - in the Zambezi region where Cahorra Bassa is located (Yamba et al., 2011). With the climate impact risks surrounding the hydro power generation, solar power is an increasingly attractive off-grid electrification option for Mozambique. Solar irradiation in the country.

How much does a solar system cost in Mozambique?

Cost of a solar home system is estimated to be less than ~\$200 in Mozambique - a mere 6% compared to the ~\$3,500 required for a grid connection. Consumers in Africa are found to save on average \$3.15 for every dollar spent on a pico-PV system (ICF, 2018) compared to relying on fossil fuel. In addition to saving costs on fuel.

What does Cuamba solar mean for Mozambique?

The plant is the first IPP in Mozambique to integrate a utility-scale energy storage system and includes an upgrade to the existing Cuamba substation. The Cuamba Solar plant supplies enough power for 21,800 consumers over the project's life and is expected to avoid the equivalent of more than 172,000 tonnes of CO<sub>2</sub> emissions.

Does Mozambique need off-grid solar power?

Mozambique, off-grid solar power is increasingly a cost-effective option to realize full electrification in Mozambique, especially in rural areas. Despite the enormous potential and recent effort.

How can off-grid solar power businesses make money in Mozambique?

Off-grid solar power businesses financially viable (and support expansion of access to nearby communities) in countries like India and Bangladesh. In Mozambique, such a model has not materialized. At present, telecom towers

are ofte.

Will Cuamba solar deliver clean power to the Mozambican grid?

Mike Scholey, Globeleq's CEO remarked: "We are extremely excited to now have Cuamba Solar officially delivering clean power to the Mozambican grid via EDM and supporting both the local economy and the Government's efforts to build more renewable power.
