## Overview

---

5G is the fifth generation of the global wireless standard. But despite the incremental sounding change from 3G and 4G, 5G's potential is enormous. That's why people in the world of business are s.

Will 5G improve mobile coverage in Norway?

The new 5G network will provide better mobile coverage and gradually better access to broadband across the country, which will reduce the vulnerability of an increasingly digitised society,” said Linda Hofstad Helleland. In March 2020, Telenor became the first Norwegian mobile operator to offer 5G connectivity to customers.

When does 5G start in Norway?

However, those in rural areas of Norway may have to wait until as late as 2023 for full national 5G coverage. In September, Ice joined the 5G party with a network launch in Tromsø. Originally from the UK, David now lives in Trondheim and was the original founder of Life in Norway back in 2011.

Does Telia have 5G in Oslo?

To access Telia's 5G network in Oslo, you need a mobile subscription from Telia and a phone that supports the new technology. However, those in rural areas of Norway may have to wait until as late as 2023 for full national 5G coverage. In September, Ice joined the 5G party with a network launch in Tromsø.

How many 5G mobile devices are connected to Telia's network in Norway?

Today, 1.6 million 5G mobile devices are already connected to Telia's network in Norway, with many customers accessing the internet solely through 5G wireless broadband. 5G's Norwegian numbers tell their own story.

Where will Telenor's 5G network be installed in 2021?

Telenor chose Nordic company Ericsson over Chinese firm Huawei to supply the critical infrastructure for the rollout. During 2020, Telenor's 5G network

will be opened in Oslo, Bergen, Stavanger and Sandnes. The 5G network in Trondheim, Kongsberg and Bodø will be expanded. During 2021, almost 2,000 base stations will be upgraded.

Does Telenor support 5G in Norway?

At the time of writing, Telenor, Telia and Ice support 5G in Norway. However, all operators are still in the early stages of a nationwide rollout, so coverage will vary.
