

## SolarInvert Energy Solutions

# 5kw solar system with battery in Paraguay

## Overview

---

### What is a 5kw Solar System?

Introducing our cutting-edge 5kW solar system with 5kWh lithium-ion battery storage, designed to revolutionize your energy independence.

### What is a 5 kW hybrid solar power generating system (SPGs)?

The 5 kW Hybrid solar power generating system (SPGS) is your ultimate all round power solution. It's a feature-rich, long lasting, and sustainable solar solution that comes with a combination of top quality DCR solar panels, rMPPT solar hybrid inverter, and lithium ion battery with in-built smart BMS.

### How does a 5kw solar panel work?

Harnessing the power of the sun, the 5kW solar panels are engineered to capture and convert sunlight into clean, renewable energy. The included 5kWh lithium-ion battery storage system offers reliable and efficient energy storage, allowing you to store excess solar power for use during periods of low sunlight or at night.

### Why should you choose a 5kw Solar System & 5kwh lithium-ion battery storage?

Experience the freedom of energy independence with our 5kW solar system and 5kWh lithium-ion battery storage, and take a significant step towards a more sustainable and self-sufficient future.

### What are the components of a 5kw Solar System?

The system includes the following components: 5kW solar panels: A total of ten 550W solar panels. 5kW solar system battery: A 48V Lithium version battery. 5kW solar system inverter: A 48V MPPT Solar Inverter. 5kW solar system installation kits: The installation kit includes a panel stand and DC wiring.

## How much does a 5kw Solar System cost?

The actual pricing varies by region due to various regional incentives, with the average price of a 5kW system ranging from \$8,880 to \$11,840. Moreover, the total amount for a 5kW solar system with battery price can also be influenced by choices in solar panels, charge controllers, and inverters.
