

SolarInvert Energy Solutions

5kwh battery storage for sale in Israel

Overview

What is a battery energy storage system (BESS) project?

We specialize in the development of battery energy storage system (BESS) projects, which are crucial components in advanced energy storage solutions. Our large portfolio of generation assets with grid connection enables us to add BESS to existing projects and develop additional solar-plus-storage facilities.

What is a prag 5kwh lithium-ion battery?

The PRAG 5kWh Lithium-ion Battery features a wall-mounted design and is lightweight for easy installation. It is also scalable, allowing you to connect up to 15 units to meet your energy needs. An optional LCD screen and app monitoring enhance the user experience.

How long does a LiFePO4 battery last?

Its LiFePO4 chemical materials comply with international standards, including IEC62619, EN61000, UL1973, CE, ROHS, and UN38.3. Designed for a lifespan of over 15 years, it can endure more than 6000 cycles, providing long-term reliability. This lithium battery is not only efficient but also environmentally friendly.
