80W foldable solar charging panel

LFP 48V 100Ah

Overview

How does the 80W foldable solar panel work?

The 80W foldable solar panel can charge your power station directly with the 10-in-1 connector kit (except for MacBooks). With three USB ports (USB-A1: QC3.0, Apple 5V-2.4A, USB-A2: Apple 5V-2.4A), one USB-C port (PD30W: compatible with PD3.0), and a 80W DC output can keep two devices simultaneously full of power.

How does the 80W solar panel USB charger work?

This 80W solar panel usb charger can charge your power stations via included DC port or the DC to Anderson cable, it can meet your multiple needs for Jackery solar generators. This portable solar panel is a great choice for camping, rv, and even emergency power supply for home use.

How do I use a solar charger?

DURABLE KICKSTAND & EASY TO USE - Using the removable kickstands instead of laying the panel flat on the ground allows it to absorb 25% more sunlight. Unfold all the solar panels in outdoor sunlight, then connect your devices to the output ports, and get power in seconds. Note: this solar charger can't store electricity.

What is 80W solar panel charger?

24% HIGH CONVERSION RATE - 80W solar panel charger is made with premium mono-crystalline UV-resistant EVA and efficient solar cells with high light transmission ETFE material, generates energy from the sunlight, and perform better with 24% higher conversion efficiency, providing unlimited green power for your device under the sun.

How many output ports does an 80W solar panel have?

FITS ALL YOUR NEED - Our 80W Foldable solar panel designed with 3 output ports: 2*USB QC3.0 (5V/3A, 9V/2A, 12V/1.5A Max), 1* powerful charging port.

What is a greccell 80 watt solar panel?

The GRECELL 80 watt solar panel is designed to produce maximum power at all time. It's made by premium monocrystalline silicon solar cells and long-lasting ETFE lamination, has a conversion efficiency of 24%, making it more durable, better light transmittance, crack-proof and easy to clean.
