

SolarInvert Energy Solutions

Abu Dhabi Supercapacitor Manufacturer

Overview

What is the largest SuperCap energy storage manufacturing facility in the world?

This will be the largest supercap energy storage manufacturing capacity in the world and one of the largest energy storage or battery manufacturing facilities. As part of this collaboration, Enercap Energy Holding Limited, the joint venture, will establish a fully automated 10GWh/year manufacturing facility in Mussafah Industrial Zone, Abu Dhabi.

What is SuperCap energy storage?

Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based Apex Investment, a leading diversified investment holding company, have formed a joint venture to build 16GWh per year manufacturing capacity of supercap energy storage, a cutting-edge technology with features that surpass the commonly used lithium-ion technology.

Does enericap have a manufacturing facility in Dubai?

Additionally, Enercap Energy Holding Limited has agreed to acquire an existing manufacturing facility in Dubai Industrial City (DIC), which will be upgraded to 6GWh/year capacity. Enercap has a current global demand of over 30GWH of large-scale battery energy storage systems (BESS).

Is a supercapacitor better than a lithium ion battery?

The supercapacitor has 99 per cent round-trip efficiency versus 85 per cent for lithium-ion batteries and its production facilities are five to 10 times more capital efficient compared with best-in-class lithium-ion facilities.
