

## SolarInvert Energy Solutions

# Amman lithium battery pack customization

## Overview

---

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

What is a custom LiFePO4 battery pack?

Our custom LiFePO4 battery packs are made in cylindrical and prismatic formats. LiPo batteries allow for greater flexibility and ensure the perfect fit for vehicles, machinery, and other various devices with unusual dimensions and weight requirements. [Why Choose CMB As Your Custom Battery Pack Manufacturer](#).

What makes CMB a great battery pack company?

CMB boasts a highly skilled and experienced custom battery pack engineering team led by a CTO with over 15 years of experience in lithium-ion battery technology with industry giants CATL, BYD, and BAK. Our team of 5 specialized engineers brings diverse skills in design, manufacturing, testing, and quality control.

What is a 21700 lithium ion battery?

CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications. Our custom low-temperature batteries are specially designed to excel in cold environments.

Do you have an ISO 13485 certificate for manufacturing batteries?

We have the ISO 13485 certificate for manufacturing batteries for medical devices. [Read more.](#) Whether it's data logging, portable electronic devices, sensors, or environmental monitoring, our battery packs deliver reliable power

solutions.

What are rechargeable lithium-ion batteries used for?

Rechargeable lithium-ion batteries find extensive use across a broad spectrum of applications. Some of the areas where our battery systems excel include: Our power packs are ideal for medical carts, handheld devices, surgical equipment, monitoring devices, and more. We have the ISO 13485 certificate for manufacturing batteries for medical devices.
