

SolarInvert Energy Solutions

Australian battery container manufacturer

Overview

What is a battery energy storage container (BESC)?

We've partnered with specialist engineers to integrate advanced features such as explosive pressure vents, pressure release valves and a negative air unit. Storemasta's Battery Energy Storage Containers (BESC) offer an advanced, secure solution for housing your Battery Energy Storage System (BESS).

Why should you choose Australian-made battery transport & storage boxes?

Our Australian-made battery transport and storage boxes are not only designed for safety but also for ease of use. They are built for compliance and reliability, these heavy-duty lockable cages are tailored to fit large batteries stacked on pallets.

Why should you choose a gel battery manufacturer in Australia?

For over 30 years, we've proudly designed, developed, and delivered premier energy storage solutions to exceed the needs of today and into the future. As the only industrial gel battery manufacturer in Australia, we provide sustainable and reliable power solutions across a range of industries and suited to all environmental conditions.

What is a battery energy storage system (BESS)?

With offices in Australia, USA and South Korea, our turnkey Battery Energy Storage System (BESS) and software solutions enable our clients to contribute to grid services, reduce site energy costs, support EV Charging stations and facilitate the electrification of many different applications.

What is a battery management system?

Our in-house Battery Management System is installed in each energy storage unit. They interface with our Energy Management System to monitor and control multiple PCS and energy storage units. The EMS coordinates diverse generation systems, loads and the grid interface for optimal safety, reliability

and return on investment.

What is CRRC battery energy storage system?

Our battery energy storage system (BESS) product portfolio spans the largest utility scale batteries down to commercial systems. CRRC has installed/signed 48+ GWh (Q2 2025) of grid connected BESS, with #1 ranking in China, #3 globally, Bloomberg Tier 1 and a growing international portfolio.
