

## **SolarInvert Energy Solutions**

# **Australian emergency energy storage vehicle equipment manufacturer**

## Overview

---

Who is Evo power?

EVO Power is a leader in energy storage technology and innovation that enables the electrification of large commercial and small utility projects with fully integrated energy storage solutions. Our turnkey Battery Energy Storage System (BESS) and software solutions enable our clients to contribute to market trading and grid services.

Which battery energy storage systems are suitable for Australia's harshest conditions?

Our smartly designed, IP-rated battery energy storage systems (BESS) are adaptable, easy to transport and install, and suitable for Australia's harshest conditions. Designed to the highest standards, our units can be sized from 1MW to 200MW ensuring flexibility, modularity and redundancy at 11/22/33KV output voltages.

What is a battery energy storage system (BESS)?

With offices in Australia, USA and South Korea, our turnkey Battery Energy Storage System (BESS) and software solutions enable our clients to contribute to grid services, reduce site energy costs, support EV Charging stations and facilitate the electrification of many different applications.

Who is apex Energy Australia?

Cost-effective, dependable and on-time renewable power solutions. Apex Energy Australia is a trusted and experienced supplier, designer and integrator of Solar, Battery Storage, Electric Vehicle Chargers and Microgrid Solutions.

Will Australia's first energy storage system be operational by 2026?

EnergyAustralia is actively pursuing the development of Australia's first four-hour utility-scale battery, the Wooreen Energy Storage System, with a

capacity of 350 MW, set to be operational by 2026 in Victoria's Latrobe Valley. This project highlights the company's commitment to advancing energy storage solutions.

Who is stor-energy?

Stor-Energy is a leading and specialist developer, owner and operator of large-scale battery storage systems across australia's national electricity market.
