# Azerbaijan Photovoltaic Power Storage Power Station

**5** Years  
warranty

## Overview

---

Recently, CSCEC has commenced grid-connected electricity generation in phases for Azerbaijan's largest and highest voltage-level photovoltaic power station, the photovoltaic power station project in Gobustan, Azerbaijan. What is a solar PV project in Azerbaijan?

The Project involves financing the development, construction, operation, and maintenance of two solar photovoltaic (PV) power plants in Azerbaijan – (i) 315 MWac Banka solar PV power plant (Banka Solar); and (ii) 445 MWac Bilasuvar solar PV power plant (Bilasuvur Solar). Applicable Policy and Categorization.

Will Azerbaijan develop a solar power plant?

In January 2020, Masdar signed an implementation agreement to develop a utility-scale solar photovoltaic (PV) project in Azerbaijan. The Garadagh Solar Power Plant is the country's first independent utility-scale solar project based on foreign investment and structured as a public-private partnership.

Where is Azerbaijan's new photovoltaic plant located?

Azerbaijan's President Ilham Aliyev inaugurated on Thursday the 230-MW photovoltaic station located in Garadagh, just 23 kilometers southwest of Baku and constructed by the UAE-based Masdar Clean Energy Company.

What is Azerbaijan's Energy Transition Project?

The objective of the project is to support Azerbaijan's energy transition through expansion of renewable electricity generation.

Where is the Bilasuvar solar project located?

The Bilasuvar Solar is located in the Bilasuvar district of the Shirvan-Salyan region in Azerbaijan, about 140 km south of Baku. The Project site covers one land plot of approximately 1,454 hectares, categorized as agricultural land and owned by the Bilasuvar Executive Power.

Which ohtl line will connect Banka solar project to navahi substation?

Additionally, an 80-km 330-kV overhead transmission line (OHTL) which will connect the Banka Solar Project to the Navahi substation and a 90-km 330kV OHTL which will connect the Bilasuvar Solar Project to the Navahi substation are part of the AZURE Project.
