

SolarInvert Energy Solutions

Base station distribution box specifications

50KW modular power converter

Flexible Configuration

- Modular Design, Expanding as Required
- Small&Light, Wall Mounted
- Installed in Parallel for Expansion

Powerful Function

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

Reliable Protection

- Outdoor IP65 Design
- Sufficient Protection Functions Equipped

Overview

This publication contains the following new or updated information. This list includes substantive updates only and is not intended to reflect all changes.

What is a MNS® power distribution box?

From the sub distribution to factory power supply, from the general industry to the marine, nuclear power plant, MNS® power distribution box can provide high security, high reliability of professional solutions. The ABB MNS® low voltage distribution board and power cabinet are a new set of modular and multipurpose low-voltage products.

What is the ABB MNS® low voltage distribution board & power cabinet?

The ABB MNS® low voltage distribution board and power cabinet are a new set of modular and multipurpose low-voltage products. As a member of the ABB MNS family, this particular product is widely used in the lower-level power distribution facilities with MNS® low-voltage switchgear in the following industries:.

What is the ABB-MNS® distribution board and power cabinet made of?

The ABB-MNS® distribution board and power cabinet are of a welded structure. The product comes in a good variety of shapes, and is highly versatile, structurally innovative, and mechanically rigid. Its enclosure is made of cold-rolled sheet steel, stainless steel, or other special materials.
