

SolarInvert Energy Solutions

Belgian Antwerp Photovoltaic Tile Company

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

We have the perfect solution for you. Belgian company Smartroof has developed revolutionary roof tiles and slates with integrated photovoltaic elements. Not only do they look stylish, they also cover the entire roof down to the smallest nooks and.

Smartroof guarantees the highest returns from your sloping roof. We use photovoltaic elements with high returns, combined with our.

Do you want to get the most out of your roof?

Leave everything to Smartroof. We are the company of choice for the design, placement, and maintenance of aesthetically pleasing PV systems. Smartroof will handle the entire project: 1. We will coordinate.

Smartroof offers original, patented types of suntiles and slates. The CeraSolPan as a flat suntile with a sleek look, and the sunslate for a beautifully continuous slate roof with integrated PV cells. This way, we have a solution for every style, from classic townhouses.

What is the solar energy industry in Belgium?

The solar energy industry in Belgium is a diverse and vibrant market, boasting a variety of companies who contribute to sustainable energy solutions. These companies specialize in areas such as solar panel installation, home automation services, and renewable energy source promotion, ensuring citizens have access to energy-efficient options.

Who makes BIPV solar panels?

As a Belgian manufacturer of BIPV solar panels, Belga Solar offers customized solutions tailored to the needs of architects, property developers and companies wishing to integrate photovoltaics into buildings. By choosing Belga Solar's BIPV solutions, you are opting for : Reduced carbon footprint and maximum use of existing surfaces.

Why should you choose Belga solar?

Belga Solar's photovoltaic roofs use high-quality solar modules with perfect integration for optimum waterproofing and durability. 2. Photovoltaic facades and solar walls.

Who is Balti solar?

BALTI SOLAR is a company specializing in the installation of high-quality solar panels and home battery systems. With over 20 years of experience, they offer expert services and personalized solutions for their customers. 8. Energreen SA.

Can a solar roof be integrated with a planum tile?

Our Solar tile combines perfectly with our Planum ceramic tile, so the system will be fully integrated with the roof. Planum Solar tiles are made from premium mono crystalline cells and the glass technology that surrounds the is very sturdy and durable in extreme weather conditions.

Who is Photovoltaic Engineering & Construction?

Specialized in the engineering, construction, and commissioning of large-scale photovoltaic plant — whether it is ground-mounted, rooftop, or carport installations — we deliver integrated, tailor-made solutions designed to meet the needs of businesses, municipalities, farmers and industries in Belgium, France, and Luxembourg.
