# Bergen Norway outdoor power supply

## Overview

---

How many shore power installations are there in Norway?

The Port of Bergen is Norway's second-biggest port, and has 8 shore power installations – 5 for low voltage and 3 for high voltage. These installations follow global standards: IEC 80005-3 for low voltage and IEC 80005-1 for high voltage. Plug Bergen AS is a joint-venture owned 50/50 by the Port of Bergen and Plug AS.

Who owns plug Bergen as?

Plug Bergen AS is a joint-venture owned 50/50 by the Port of Bergen and Plug AS. Shore power from Plug has a Guarantee of Origin (GoO) and is 100% renewable. This ensures that power comes from renewable energy sources like hydro- and wind power. For any inquiries regarding shore power in Bergen, please contact our operations team.

What are the prices for shore power at the port of Bergen?

The prices for shore power at the Port of Bergen will be adjusted, effective November 7th, 2022. As of this date the following prices will apply: • 5,10 NOK/kWh excl. VAT for low voltage delivered at Skolten, Dokken, Nykirkekaien and Festningskaien. • 5,10 NOK/kWh excl. VAT for low voltage delivered on the Jekteviken terminal. • 5,90 NOK/kWh excl. [ . ].

Will plug be a driving force for a fully electrified Norway?

The ambitious European focus on electrification sets the course for a zero-emission society. Plug's electrification portfolio in shore power and maritime charging plays a key role in this development, and we will be a driving force for a fully electrified Norway in the years to come.

How do I contact port of Bergen?

Port of Bergen will forward to [operations@plugport.no](mailto:operations@plugport.no) and ensure that the agent/shipping company has received information about terms and prices.

When first call or commissioning, it is particularly important that a dialogue is established between technical personnel onboard the ship and operations in Plug.

How much money does plug Nord get from Enova?

The port of Narvik and Plug Nord are awarded 10.7 million NOK in funding from Enova to build shore power for cruise ships The new Stokmarknes miljøhavn opens The new harbor will be an important hub for bulk transport in the region, especially timber. The harbor will have shore power build, owned and operated by Plug WORLD RECORD!
