

SolarInvert Energy Solutions

Berlin s largest energy storage equipment manufacturer

Overview

How many home storage systems have been evaluated by the HTW Berlin?

20 home storage systems have been evaluated by the HTW Berlin, including new products from Dyness, Goodwe, Hypontech, Kostal and Pylontech. February 8, 2024 11 companies have had their results published in the 2024 energy storage inspection, stating the product names.

Who is energysphere Berlin?

The Berlin site is part of a global internal and external manufacturing network (Charlottesville, Tampa, Orlando, Budapest, Yixing, Finspang) that processes and refurbishes highly automated gas turbine blades with a focus on coating, drilling and repairing. What is the German home battery storage market in 2023?

Facts and figures on the German home battery storage market in 2023 (data: German Federal Network Agency). As part of the 2024 Energy Storage Inspection, HTW Berlin researchers analyzed the laboratory measurements from 20 lithium battery systems. With a battery efficiency of 97.8 %, the pulse neo 6 home storage system from Varta came out on top.

Why did Siemens choose Berlin?

Back to the roots in Berlin: "By choosing Berlin, we are linking the historical roots of Siemens Energy with the shaping of the future, more sustainable energy world." (Christian Bruch, press release September 24, 2020).

Which home storage system has the best battery efficiency?

With a battery efficiency of 97.8 %, the pulse neo 6 home storage system from Varta came out on top. In comparison, one of the tested battery storage systems only achieved an efficiency of 87.9 % – almost 10 percentage points

below the top value.

Where can I contact HTW Berlin for a solar storage inspection 2024?

Interested manufacturers can contact the Solar Storage Systems research group at HTW Berlin directly. The Energy Storage Inspection 2024 was developed as part of the „Perform“ project, which is funded by the Federal Ministry of Economic Affairs and Climate Action (BMWK).
