Best replacing a breaker for sale Seller

Overview

Where can I get a replacement breaker?

To get a replacement Bryant Type BRD BR 15-15 CU-AL SWD circuit breaker, find an Electrical Supplier in your area. If you are in a remote location and the nearest supplier is more than an hour away, consider getting a replacement through a local Electrician. Note that Bryant is now replaced with Cutler Hammer products, so a Cutler Hammer/Eaton reseller would be more than happy to help you.

Which breaker brand should I buy?

Square D is one of the more popular breaker brands available almost everywhere. If Siemens and Square D aren't an option, you can also try Air Circuit Breakers, but only for voltage loads less than 450. Finally, Cutler-Hammer is another brand that you can interchange with Murray.

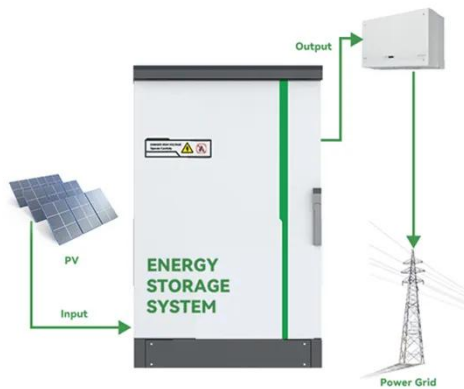

How much does it cost to replace a breaker?

Find a replacement breaker with the same voltage. Look in the electrical section at your local hardware store for breakers that are the same size as the ones you're replacing. Single and double pole breakers typically range from around \$5 to \$10 USD. Turn off the individual breaker you need to replace.

What brands does buymybreaker carry?

We Carry Square D, Cutler Hammer, Siemens, General Electric (GE), ITE, Westinghouse, Federal Pacific (FPE), Eaton, Zinsco, Schneider Electric, ABB, Allen Bradley and more! Professionally Tested Equipment and Backed by Our One Year Warranty! We Guarantee Quality Working Products! © Copyright 2025 BuyMyBreaker.com - All rights reserved.
