# Botswana Home Solar System Application

## Overview

---

What are the applications of solar energy in Botswana?

**SOLAR PHOTOVOLTAIC APPLICATIONS** Photovoltaic conversion of solar energy (PV) in Botswana is used for almost all common applications Role of solar energy in development in Botswana 185 Fig. 4. A brick type solar still developed at RIIC, Kanye. which include lighting, water pumping, refrigeration, communication and fence electrification. 5.1.

Why does Botswana need solar power?

Botswana is seeking a reliable and cost-effective electricity source, as hydropower is no longer viable due to droughts [Why does Botswana need solar power?

]. To encourage the adoption of PV systems, Botswana imposes 20% import duties on solar lights and lanterns (and 5% on solar batteries), and offers net-metering for rooftop installations.

Who are solarbw & widowbird solar solutions?

SolarBW and its affiliate, Widowbird Solar Solutions based in Botswana and South Africa are family-owned companies with a 20 year track record, specializing in the photovoltaic sector.
