Budapest New Energy Storage Policy

Overview

On 14 August 2023 the Hungarian Government issued Gov. Decree 382/2023 (" Decree ") establishing the legal framework for the implementation and functioning of the new Contracts for Difference (" CfD ") support scheme for electricity storage operators (" Storage CfD Scheme "). Will Hungary support the installation of new electricity storage facilities?

Hungary notified to the Commission, under the Temporary Crisis and Transition Framework, a Hungarian scheme to support the installation of at least 800 MW/1600 MWh of new electricity storage facilities.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Will Hungarian electricity storage facilities support a net-zero economy?

The European Commission has approved a €1.1 billion (approximately HUF 436 billion) Hungarian scheme to support electricity storage facilities to foster the transition to a net-zero economy.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124 MW/496 MWh battery energy storage system went live in Lovech earlier this year.

How will a €1.1 billion Hungarian measure affect electricity storage capacity?

This €1.1 billion Hungarian measure will facilitate the development of electricity storage capacity. The Hungarian electricity system will be more flexible. The preparation for a higher integration of renewables into the electricity mix, is in line with EU climate and energy targets.

Why did Hungarian government hold a battery storage tender in 2024?

In early 2024, the Hungarian government held the battery storage tender, which aimed to enhance the development of large, grid-integrated battery energy storage systems (BESS) by market participants in the country.
