

SolarInvert Energy Solutions

Built-in lithium battery DC uninterruptible power supply

Overview

Are IPOWER DC UPS silent?

The iPower DC UPS are silent in operation. There are no audible alarms or cooling fans. The iPower-H is an AC/DC plug in unit that replaces the existing “wall wart” power supply thereby taking up no extra installation space. The single 3350mAh battery provides up to an hour back up for low powered routers operating from 12Vdc.

Which devices need IPOWER DC UPS battery backup protection?

Optical Network Termination Units, Routers & Modems, Internet Gateway Hubs, Door Access Panels, CCTV cameras and more are ideal candidates for iPower DC UPS battery backup protection. Depending upon the model, the units are either AC/DC or DC/DC in/out. In the event of DC/DC the existing equipment adapter can be utilised or an alternative sourced.

Why do you need a DC UPS system?

Plant downtimes, system failures and loss of data can become risky and costly. By using intelligent DC UPS systems, this risk can be significantly minimized and the uninterruptible power supply and thus reliability is assured.

What is a DC-UPS upsi-2406dp1?

The new DC-UPS UPSI-2406DP1 with integrated Lithium-Ion battery reliably bridges power failures and faults, so that the uninterruptible 24 VDC power supply is ensured at the output. Due to optimized power electronics, DC loads of up to 100 Watt can be safely bridged.

Can a 24 volt DC supply be bridged?

Due to optimized power electronics, DC loads of up to 100 Watt can be safely bridged. Power failures, voltage drops, fluctuations and flicker in the 24 VDC supply network can quickly become a problem in production systems, safety

technology and embedded industrial PCs and cause costly failures or even data loss.

What is a DC UPS module?

The compact DC UPS modules in a robust DIN rail housing are ideally suited for long-term use in control cabinet applications and decentralized solutions for protecting embedded industrial PCs, controls, motor drives, sensors, measurement devices, safety technology and many more.
