Can I bring an outdoor power supply to Riga

Overview

Do I need a travel adapter in Riga?

In Riga power plugs and electrical outlets of types C & F are used: If you're not sure whether the outlets and plugs used in your country are the same as in Riga, you can use the tool at the top of this page to check if you need a travel adapter. What's the difference between a travel adapter and a voltage converter?

.

Do I need a power adapter in Latvia?

The standard voltage in Latvia is 230V, and the frequency is 50Hz. Devices from countries with different voltage standards, like the United States (120V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Latvia?

Whether you'll need a power adapter depends on the type of plug your devices use.

What types of plugs are allowed in Latvia?

Latvia has standardized on type F sockets and plugs. Type C and type E plugs can also be used thanks to their compatibility with type F sockets. Typically, type C plug sockets are not allowed to be installed in Latvia: these outlets are not earthed and are therefore considered dangerous.

Do I need a 230 volt adapter for Riga?

Ensure your devices are ready as you explore the vibrant streets of Riga or the beautiful landscapes of Gauja National Park. The United Kingdom uses Type G outlets with a voltage of 230V. If you're traveling from the UK, you'll need a Type G to Type C/F adapter.

What does a travel plug adapter look like in Latvia?

When you are going on a trip to Latvia, be sure to pack the appropriate travel plug adapter that fits the local sockets. But what do those electrical outlets look like?

In Latvia, types C and F are the official standards. Like almost all Continental European countries, Latvia has standardized on the German plug and socket system.

Do Europeans need a travel adapter in Latvia?

Europeans do not need a travel adapter or transformer when traveling to Latvia. Most device plugs will work with the outlet types in Latvia. Also, the voltage in Latvia is the same as in Europe. What Outlet does Latvia Use?

Type C plug sockets are used in Europe, Africa and Asia. They have two round pins and no grounding pin.
