

SolarInvert Energy Solutions

Chisinau BMS battery exchange cabinet

Overview

What are BMS products?

As electronic systems, BMS products play a pivotal role in monitoring and managing the performance of rechargeable batteries in various energy storage systems, including lithium battery, lead acid battery, and lifepo4 battery modules and packs, which are widely used in battery-powered applications.

Which BMS products are available in the domestic market?

It holds a prominent position in the domestic market, boasting a high market share. The company's automotive BMS range encompasses EV01, EV02, EV03, EV04, and EVO5 series, in addition to supplying large-scale BMS products to energy storage system integrators.

Which is the best lithium-ion battery manufacturer in China?

MOKOEnergy is one of the best lithium-ion battery manufacturers in China, offering a diverse range of BMS customization options (customizable options: brand, specification, appearance, performance, etc.). Moreover, MOKOEnergy is certified by SGS ISO14001, ISO9001, QC08000, and TS16949.

What is the global BMS market value in 2022?

In 2022, global sales of new energy vehicles increased sharply by 108% year-on-year, driving the BMS market value to \$11.5 billion, growing at a CAGR of 56.5%. Notably, the Asia-Pacific region, especially China, is currently the largest region for the BMS (battery management system) market.

Which region has the largest BMS market?

Notably, the Asia-Pacific region, especially China, is currently the largest region for the BMS (battery management system) market. In 2022, China's new energy vehicle sales reached 3.521 million units, accounting for 54.2% of the global total, surging 157.6% year-on-year, with a market penetration rate

of 13.4%.

How big is the battery management systems market?

According to a market research report by MarketsandMarkets, the global battery management systems market is projected to experience substantial growth, from USD 5.2 billion in 2020 to USD 12.6 billion by 2025, with an impressive compound annual growth rate (CAGR) of 19.5%.
