

SolarInvert Energy Solutions

Chisinau lithium battery pack factory

Overview

Who is keheng battery & pack manufacturer?

Keheng is a professional lithium battery cell & pack manufacturer which uses different battery technologies (NMC, LTO, LFP, Sodium Ion). Our engineers team can provide the most cost-effective battery solution with 15 years' project experience in different battery material technology.

What is a lithium titanate battery?

Lithium Titanate batteries have military grade quality, safety and lifetime (10-30x LFP or NMC) but have very low energy density and are quite expensive (at least 50-150% more expensive than NMC). Keheng as a trusted lithium battery supplier is designed to provide reliable, efficient power for a variety of applications.

Why should you choose keheng for lithium battery customization services?

Help you customize the lithium batteries of your own brand, in case maximum protection of your local market and benefit. No minimum order quantity requirement. Keheng offers full lithium battery customization services, turn your battery ideas from concept into reality with our professional R&D team.

Who is the best custom battery pack supplier?

Rest assured that we can provide 100% satisfaction. We are delivering the best custom battery pack solutions to worldwide customers for over 15 years. Huayou is a reliable custom battery pack supplier that is committed to designing, producing, and assembly.

How long does it take Huayou to produce a battery pack?

Huayou can provide assembled samples within 3 days. Huayou has professional customer service team that is approachable and has vast experience in handling customer requirements. Guaranteed that we can mass produce your custom battery pack orders within 20 days.
