# Container generator assembly

## Overview

---

What is container type diesel generator set gencircle supply?

Container type Diesel Generator Set Gencircle supply container type generator set is design in accordance with ISO/TC104 standard size, rational construction, to make sure the generator set will not be damaged due to under high pressure in transport, and is suitable for ship transportation.

What is a containerized generator set?

The durable and robust Containerized Series generator sets are ideally suited for independent power producer (IPP), mining, oil and gas, or any project where harsh conditions, challenging environments and the demand for reliable, continuous remote power exist.

What is a containerized generator enclosure?

Our containerized generator enclosures are built to be highly mobile, allowing you to easily transport and relocate your generator equipment as needed. The modular design enables quick assembly and disassembly, making it an excellent choice for temporary power needs or projects requiring frequent relocation.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

What are the different types of container generators?

We can supply the 20' container, 40' container, and widen or heighten container type. They are divided into the normal type and silent type. This series generator set can be easily moved to the desired location, can run under the most demanding working conditions.

## What size generator container do I Need?

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient conditions. Customized sizes to accommodate special project requirements are available on request.
