## Overview

---

When will solar panels be installed in Dubai?

HH Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai has called for solar panels to be installed on every roof in Dubai by 2030, with the Dubai Clean Energy Strategy 2050 having interim targets of 7% of solar power by 2020, and 25% by 2030.

Who manufactures solar panels in Dubai?

DuSol Industries is the first PV module manufacturing company that is based in Dubai, U.A.E. Egyptian German Co. Trading and Supply. Egyptian German Co. Trading and Supply (EGTS) is a company that aims to introduce the solar energy system to the Egyptian market. Emirates Insolaire.

What is the Shams Dubai solar program?

The Dubai Electricity & Water Authority (DEWA) created the Shams Dubai solar program in early 2015. Shams allows DEWA customers to install solar panels on their property, and use the produced solar energy to reduce their monthly electricity bill.

Are rooftop solar panels a viable option in the Middle East?

Rooftop solar PV panels are common in a number of countries, but are only now gaining real popularity in the Middle East. Despite the sunny climates, there are still a number of barriers to switching to solar PV. Electricity tariffs are generally low, discouraging customers from switching to self-generated electricity.

How many solar panels does Dubai have?

In October 2019, Dubai managed to deploy 1,354 solar PV, when combined it will equate to a total of 125 megawatts (MW) solar capacity. The region aims to reach 5,000 megawatts by the end of 2030.

Is the UAE a 'front runner' for solar PV?

The Middle East Solar Industry Association (MESIA) describes the UAE as a regional “ front runner ” for PV with Oman starting to add more significant projects to the regional PV pipeline. Rooftop solar PV panels are common in a number of countries, but are only now gaining real popularity in the Middle East.
