

## SolarInvert Energy Solutions

# East Africa Outdoor Energy Storage Power Wholesale

## Overview

---

Who is East African power?

An integrated renewable energy development company delivering affordable and reliable clean energy. East African Power is a long-term, SR-driven business developing, building, and operating utility-scale, small and medium hydro and solar power plants in Sub-Saharan Africa.

Who is East African power (EAP)?

Plus. East African Power (EAP) is an integrated renewable energy development and engineering company delivering affordable and reliable clean energy solutions. We are a long-term, social-impact-oriented IPP business developing, designing, building, and operating hydro and solar power plants in Africa.

Does Scatec have a solar-plus-storage site in South Africa?

Scatec's Kenhardt solar-plus-storage site in South Africa (above), which went online at the end of 2023. Image: Scatec. Africa's energy storage market has seen a boom since 2017, having risen from just 31MWh to 1,600MWh in 2024, according to trade body AFSIA Solar's latest report.

What are the most popular solar-plus-storage developments in Africa?

As noted by AFSIA Solar, one of the most notable solar-plus-storage developments in Africa is Norway-based independent power producer (IPP) Scatec's 225MW/1,140MWh Kenhardt project in South Africa. The site started operation in late 2023 (pictured above).

Is solar PV a focal energy resource for Africa?

Solar PV, which, as reported by our colleagues at PV Tech in their write-up of the AFSIA report, reached 19.2GW in 2024, increasing by 2.5GW on 2023 levels, is becoming the focal energy generation resource for Africa.
