## Overview

---

Who is Europe Telecom trading?

Europe Telecom Trading B.V. offers a wide range of solutions for IT and telecommunications industry. These include a variety of routing devices, high-performance switches, data transmission system equipment, and data center facilities. The offer meets the requirements of any kind. We are grateful to our partners for productive collaboration.

How much does a 40ft container cost in Europe?

European ports are experiencing congestion due to ongoing labor disputes, with major hubs like Rotterdam, Hamburg, and Le Havre facing delays. As of March 2025, the average price for a cargo-worthy 40ft container at European ports is \$1,436, with the highest prices in Hamburg and the lowest in Le Havre.

Who makes ett equipment?

We work closely with our key manufacturer partner — Juniper Networks, the leading global telecom-munications facilities producer. This authentic and trusted company produces the quality equipment that is necessary for your business growth and/or other goals, while ETT distributes the hardware to every corner of the CIS.
