Energy Storage Battery and Industrial Park in Manchester UK

 **TAX FREE**    

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

In a significant advancement for the UK's renewable energy landscape, Statera Energy has announced plans to construct a 680-megawatt battery energy storage system (BESS) at the Trafford Low Carbon Energy Park, located eight miles southwest of Manchester. Could a £750m battery energy storage scheme be the world's largest?

Planning permission has been granted for a £750m battery energy storage scheme (BESS) near Manchester. Carlton Power, the independent energy-infrastructure developer behind the venture, said the 1GW facility at the Trafford Low Carbon Energy Park would be the world's largest battery-storage facility.

Where is Carlton power's 1GW battery energy storage scheme located?

Image: Carlton Power Carlton Power has secured planning permissions for the 1GW battery energy storage scheme (BESS) from Trafford Council. The 1040MW project, with a production output of 2080MWh, will be located at the Trafford Low Carbon Energy Park in Greater Manchester.

Will Carlton power build a 750m battery energy storage scheme?

Carlton Power have been given planning permission to build a £750m 1GW battery energy storage scheme (BESS) at the Trafford Low Carbon Energy Park in Greater Manchester. Planning permission for the BESS was granted by Trafford Council, the local planning authority and subject to a final investment decision, construction.

Why did Trafford Council get planning permission for a battery-storage facility?

Failed to load Related. Planning permission for the battery-storage facility was granted by Trafford Council. The council's leader, Tom Ross, said that the battery storage and green-hydrogen schemes would put Trafford and Greater Manchester "at the forefront of the UK's energy transition".

Where is statera energy's battery energy storage system located?

Statera Energy has acquired a 680MW battery energy storage system (BESS) project in north-west England. Located at Trafford Low Carbon Energy Park in Greater Manchester Carrington Storage is expected to become one of the largest of its kind in Europe once fully energised in 2026.

Where will Carlton's giant battery be located?

The giant battery will be located at Carlton's Trafford Low Carbon Energy Park. "The £750m BESS scheme will strengthen the security and resilience of the energy system in the North West of England, and support the energy transition and the growth of renewable power generation in the region," the company said.
