## Overview

---

Will Azerbaijan build the first industrial battery energy storage system?

Azerbaijan is currently conducting the selection of a company for the construction of the first industrial battery energy storage system, Deputy Energy Minister Elnur Soltanov told journalists at the Alley of Honor during the commemoration of National Leader Heydar Aliyev's memory, Trend reports.

How much energy does Azerbaijan need?

Interested companies have, until 10:00 AM on August 30, 2024, to submit their proposals, with the tender procedure set to take place later the same day. The Ministry of Energy estimates that to successfully integrate 2 GW of "green" energy, Azerbaijan requires a storage capacity of 250 MW.

Is Azerbaijan embracing green energy?

In a significant move towards embracing green energy, Azerbaijan's leading energy company, Azerenerji JSC, has announced a tender for the creation of a 250 MW Battery Energy Storage System (BESS) in Azerbaijan.

What is Azerenerji OJSC doing?

"Azerenerji OJSC is carrying out relevant works to integrate renewable energy sources with a capacity of about 2,000 megawatts into the energy system of Azerbaijan. At the moment, 8 projects in the field of renewable energy with a total capacity of about 2 gigawatts are being implemented in the country.

How much gas does Azerbaijan produce a day?

It has a production capacity of 4 million cubic meters of gas per day and 12,000 barrels a day of condensate. The gas is sold on the domestic market in Azerbaijan.
