# Energy storage power station merger and acquisition project

## Overview

---

Where is statera energy acquiring a 680 MW battery energy storage system?

UK energy storage developer Statera Energy said on Thursday it has acquired a 680-MW battery energy storage system (BESS) project, Carrington Storage, located at Trafford Low Carbon Energy Park in Greater Manchester, northwestern England. Visualisation of the Trafford battery energy storage system in England. Image by: Carlton Power.

Who owns Blackstone battery energy storage system?

In Q4 2023, renewable energy company Octopus Investments Australia, which is majority owned by the UK-based Octopus Group, acquired the Blackstone Battery Energy Storage System. With an expected enterprise value of US\$514 million once operational, it is the largest proposed battery project in the state of Queensland.

Will a UK battery energy storage project come online next year?

One of UK's largest battery energy storage projects has changed hands and will come online next year as part of a low carbon energy park in Greater Manchester. UK-based developer Statera Energy has acquired a 680 MW/1360 MWh battery energy storage project in Greater Manchester from Carlton Power.

What is statera's new battery storage project?

This battery project secured debt financing in November 2024 and only a month later a ten-year voltage services contract in a tender run by the National Energy System Operator (NESO). Statera's latest project has already been approved by Trafford Council and is its largest consented battery storage project to date.

What's happening in the power sector in 2024?

Credit: Antonio Solano via Getty Images. The power sector in 2024 has seen a

slew of mergers and acquisitions (M&A) driven by the global energy transition, with key players in the industry realigning their portfolios to focus on clean energy, divesting non-core assets and consolidating operations to achieve economies of scale.

How much money did energy storage companies make in 2022?

Corporate funding of energy storage companies exceeded US\$26 billion worldwide in 2022, a 55% jump from 2021's total US\$17 billion. Masdar acquires UK battery storage developer Arlington Energy October 26, 2022 Masdar has acquired battery storage developer Arlington Energy in a bid to expand its presence in UK and European renewables markets.
