

## SolarInvert Energy Solutions

# Energy storage power supply production factory in Antwerp Belgium

## Overview

---

TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage with a power rating of 25 MW and capacity of 75 MWh, equivalent to the daily consumption of close to 10,000 households. Where is TotalEnergies launching the largest battery energy storage project in Europe?

Saft – TotalEnergies launches in Belgium its largest battery energy storage project in Europe. TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage with a power rating of 25 MW and capacity of 75 MWh, equivalent to the daily consumption of close to 10,000 households.

Where is TotalEnergies launching a battery farm project?

Paris – TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage with a power rating of 25 MW and capacity of 75 MWh, equivalent to the daily consumption of close to 10,000 households.

Is TotalEnergies launching a second battery storage project in Belgium?

TotalEnergies Launches New Battery Storage Project in Belgium Antwerp, April 3, 2024 – On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage project, the Company announced the development in Belgium of a second similar project. The new project will.

What is the largest battery installation in Europe?

After commissioning four battery parks in France offering total energy storage capacity of 130 MWh, this project will be the Company's largest battery installation in Europe.

What is Saft's largest battery installation in Europe?

total energy storage capacity of 130 MWh, this project will be the Company's

largest battery installation in Europe. The batteries, 40 Intensium Max High Energy lithium-ion containers, will be supplied by Saft, the battery subsidiary by the end of 2024, will help meet the needs of the European and Belgian high-voltage transmission network 2.

Will there be a second lithium-ion project in Belgium?

unced the development in Belgium of a second similar project. The new project will be developed on the site of TotalEnergies' depot in Feluy. It will have a power rating of 25 MW and capacity of 75 MWh, thanks to the forty Intensium Max High Energy lithium-ion contain
