# Ethiopia s energy storage needs decrease

## Overview

---

How much energy does Ethiopia use?

The review shows that energy supply and consumption in Ethiopia are dominated by bioenergy (88%) and by households (88%), respectively. Electricity barely accounts for 3% of the total energy supply although its generation has increased by more than four times between 2004/05 and 2018/19.

What is the institutional setup of the energy sector in Ethiopia?

Current institutional setup of the energy sector in Ethiopia Ministries and main agencies and departments that deal with energy issues: Ministry of Water, Irrigation and Electricity (MoWIE) - Regulatory policy and decision making, energy operations, implementation and supervising other governmental agencies and enterprises.

Which sector consumes the most energy in Ethiopia?

All in all, energy consumption in Ethiopia continues to be dominated by the residential sector which accounts for 95% in 1990 and 88% in 2018 . During the same period, the shares of industry and transport sectors grew, respectively, from 1.3 to 3.7%, and from 1.8 to 5.5% .

What is the power sector reform in Ethiopia?

Second, since 2013, the power sector reform distributes regulatory, generation, and distribution mandates among the Ethiopian Energy Authority, Ethiopian Electric Power, and Ethiopian Electric Utility, respectively.

Can energy transition support the SDGs in Ethiopia?

Ethiopia is endowed with a variety of renewable energy resources. This enormous potential however remains largely unexploited. Energy poverty, inefficiency, and insecurity are still major challenges. Energy transition could support almost all SDGs in the country.

How much electricity does Ethiopia export a year?

Foreign (or export) demand for electricity is a recent energy demand sector . Fig. 3 shows, between 2012/13 and 2018/19, Ethiopia exported an average of 895 GWh electricity per year . Electricity export is forecasted to reach to 35,303 GWh per year by 2037 . Fig. 3. Forecasted electricity export sales in Ethiopia .
