Fire protection solution for energy storage station in Porto Portugal

Overview

Who is portofire?

About PortoFire PortoFire was founded in Portugal, to become the world's leading producer and supplier of fire protection solutions.

What is a foam fire suppression system?

A Water-Fire-Suppression-System is a method, consisting of a water supply system providing adequate pressure and flowrate to a water distribution piping system, to which fire sprinklers are connected. A foam fire suppression system is a type of wet sprinkler system that combines both water and a foaming agent for large scale fire extinguishment.

Is sfprotec a good fire protection company?

SFProtec specializes in personal protective equipment (PPE) and offers a range of firefighting equipment, making it a relevant resource for fire protection needs. Their product lineup includes individual and collective protective gear, ensuring safety for various industries.
