

## SolarInvert Energy Solutions

# Gambia s photovoltaic energy storage policy

## Overview

---

Why should the Gambia invest in solar energy?

To match the rising demand and to provide sustainable and accessible energy to all Gambians, the potential for solar energy investment is immense in The Gambia. The government of The Gambia seeks to increase RE's contribution to 40% from 2% presently in the coming years.

What is the minimum daily solar production capacity of the Gambia?

The minimum daily solar production capacity in The Gambia is 4kWh solar power radiation per square meter. The National Development Plan (NDP) seeks to increase the share of renewable energy from 2 to 40 percent.

Why should you invest in the Gambia?

Driven by its geographical proximity to West African countries, The Gambia offers an excellent opportunity for investors to tap into a growing market with over 300m+ potential consumers. The Gambia also provides a port with access to shipping from the Atlantic ocean and a variety of preferential trade partners.

How much does it cost to work in the Gambia?

The Gambia also provides a port with access to shipping from the Atlantic ocean and a variety of preferential trade partners. The minimum daily wage rate starts at USD \$1.50 for unskilled labor, but the average wages range between USD \$2.50 and USD \$4 a day.

Is the Gambia a safe country?

The country is one of the safest and politically stable countries in Africa and has attracted over \$830m in FDI since 2003. The Gambia has a young and talented labor force of an estimated 774,000 people. Business & investments have rapidly scaled up triggering an increasing need for electricity which exceeds the available domestic capacity. 35%.

Does the Gambia have a demand tailwind?

The Gambia's absolute electricity consumption and per capita consumption have been steadily increasing since 2000 demonstrating the country's demand tailwinds. This trend is expected to continue in the near-term with a rising population and the continued expansions of businesses.
