

SolarInvert Energy Solutions

Germany Hamburg outdoor power supply OEM factory

Overview

Who makes Munk power supply systems?

Munk GmbH: Leading power supply systems for surface treatment since 1970. Innovative, high-quality products from Hamm, Germany.

What should you know about the power supply industry in Germany?

The Power Supply industry in Germany is characterized by several key considerations that potential entrants should be aware of. Regulatory frameworks are stringent, with the European Union's directives on energy efficiency and sustainability greatly influencing operations.

Who is German power?

With the experience of a specialist in power supply systems for decades, we develop and produce smart power supplies in small and large quantities, from standard products to individual special designs. Welcome to German Power! Are you looking for smart solutions for your power supply?

No problem.

What products does FEAS GmbH offer?

FEAS GmbH offers you a wide range of powerful electronic components for a reliable and efficient power supply of your installations and systems. You will find high-quality power supplies, switching mode power supplies (SMPS), DIN rail power supplies, DC-DC converters, DC UPS, EMC filters, couplers, redundancy modules and various function modules.

Are the prototypes of the power supply EMC-optimized?

The prototypes of the power supply are EMC-optimized by us. On request we compile all necessary documents for safety approval (EN, UL, CSA, IEC) and accompany the certification. We accompany the series production and its tests at our cooperation partners. Testing and final assembly is done in-house

or at the assembler.
