Gitega restricts solar photovoltaic panels

Overview

Will foreign-made solar panels be allowed in USDA projects?

Rollins said again in a press release Thursday that foreign-made solar panels would not be allowed in USDA projects. This separate release directed agencies to prioritize land use efficiency in power generation projects on National Forest System lands.

Why did Enevo withdraw from a photovoltaic park in Romania?

ENEVO and Shanghai Electric have announced their withdrawal from the public procurement procedure for the construction of a photovoltaic park in Romania. The withdrawal follows the European Commission's opening on 3 April of an in-depth investigation under the Foreign Subsidies Regulation.

What does Societatea Parc photovoltaic Rovinari Est stand for?

The investigations concern a procedure carried out by a Romanian contracting authority (Societatea Parc Fotovoltaic Rovinari EST S.A.) for the design, construction and operation of a photovoltaic park in Romania with a capacity of 454.97 MW, partly financed by the European Union.
