

## SolarInvert Energy Solutions

# High quality 1000 va inverter in Melbourne

## Overview

---

Where can I buy an inverter in Australia?

Share contact information, store details, and brand content with your customers. Inverter.com.au is the online inverter store for Australia's best inverters. Suppliers of quality inverter, sine wave inverter, inverter charger, solar inverter and off grid solar systems, power inverter technology for over 20 years.

What are the features of a 1000W inverter?

Features: • 1000W AC Output • 2000W max power start for 10 seconds • Greater than 90% Efficiency • Low voltage alarm and shutoff • USB port to charge USB devices A quality high power pure sine wave inverter capable of providing 1,000W continuously and a 2,000W surge.

How to pick the best solar inverter in Melbourne?

When you install the best Solar Panels in Melbourne and generate electricity, it is equally important to buy a good inverter also. But the question is, how to pick the best inverter?

Let's know about that. Based on the size of the solar installation, you can pick the best inverter in the house. For smaller installations, you need microinverters.

How much power does a sine wave inverter provide?

[Click here for the replacement](#) This pure sine wave inverter is capable of providing 1,000W continuously and a 2,000W surge. Ideal for powering microwaves, power tools, TVs, and other power thirsty devices when you are away from mains power. It features a standard 240VAC mains outlet as well as a USB port (2.1A) to charge USB devices.

What is a 2000W inverter & how does it work?

With a peak surge capacity of 2000W for up to 2 seconds, the inverter is ideal for devices with a high inrush current such as power tool chargers, microwaves, and induction cooktops. The dynamic, intelligent fan system adjusts automatically to keep the inverter cool, ensuring maximum efficiency and reliable performance without overheating.

Are Enphase solar inverters reliable?

We provide a range of inverters from industry leading brands with 5 to 12 year product warranties. Enphase is a trusted and reliable product we have always used. Each solar panel is connected to a micro inverter, this converts solar panel DC power, to AC usable power.
