

SolarInvert Energy Solutions

High quality China high tension switchgear company

Overview

Who is a reputable switchgear manufacturer in China?

DOHO is one of the most reputable switchgear manufacturers in China, with over 10 years in the electrical industry. We produce a full range of low-voltage (LV) , medium-voltage (MV) switchgear and high-voltage switchgear (HV).

What is High Tension Switchgear?

High Tension Switchgear (HT) is a type of switchgear designed for rated voltages of 12kv and 33kv, with current ranges from 400A to 3200A. These units are powder coated and designed to withstand rated voltages, as well as over voltages caused by lightning and breaker operation transients.

What is a high voltage switchgear?

Our high voltage switchgear is made with high quality materials and components to ensure its long service life and reliability. DOHO HV switchgear products are designed for installation in locations with high voltage systems such power transmission and distribution.

Who is Xiamen Huadian switchgear?

Xiamen Huadian Switchgear specializes in medium and high voltage switchgears and offers a variety of products such as air insulated switchgear, vacuum circuit breakers, ring main units, and gas insulated switchgear, all designed for power transmission and distribution.

Why is China's switchgear industry important?

The Chinese government is increasingly prioritizing green technologies, pushing companies to adopt sustainable practices. Furthermore, the global market relevance of China's switchgear industry is significant, as it is one of the largest producers and consumers of electrical equipment.

What is a low voltage switchgear?

DOHO low voltage switchgear is designed for safe and reliable distribution of electrical power in residential, commercial, and industrial applications. This type of switchgear is available in a variety of configurations, including circuit breakers, contactors, fuses and other components.
