

## SolarInvert Energy Solutions

# Hot sale off grid solar power inverter company

## Overview

---

What is a hot sale off grid inverter?

Hot sale off grid inverter is 10000W high power capacity, max power to 14850 watt, pure sine wave output, with wide MPPT voltage 350-850V/400-800DC and max efficiency up to 91%, single phase 230V- 400V AC (184~265V) output, hybrid solar inverter provides a full range scheme of power protection. Combine power for self-use and grid connection.

Why should you buy an off grid Solar System?

One-stop complete off grid solar system for sale. Special customized system to meet the needs of home owners to achieve 7\*24 hours of power supply. Achieving energy autonomy is an investment with a high rate of return. Your factories, businesses, and farms will have 0 electricity bills for decades.

Which solar charge controllers are available?

Both PWM solar charge controller and MPPT solar charger controller are available for sale. 10A-200A 12V-384V. Xindun solar charge controllers enhance the capacity of solar panels to operate at their optimum power output voltage, improve the comprehensive solar system efficiency.

What is xindun solar power inverter?

Your factories, businesses, and farms will have 0 electricity bills for decades. Xindun solar power inverter is wide wattage range from 350W-40KW for single phase output ,while 4kva to 200kva for three phase output. Pure sine wave inverter meets the DC and AC power requirements of various applications.

Which solar batteries are available for sale?

Solar lithium batteries, agm batteries or gel batteries all are available for sale. Xindun solar batteries are manufactured using advanced techniques for long-lasting life and superior performance. It provides customers durable runtime and battery life for the most demanding applications.
