How many 5g base stations are there in Lesotho

Overview

Is 5G coming to Lesotho?

The aim of this page is to chart the progress of 5G deployment on the world's 2nd largest continent. Vodacom Lesotho was the first to announce a live commercial deployment of 5G in August 2018. Vodacom LS announced that it has launched Africa's first standards-based commercial 5G network in Lesotho on the 3.5GHz spectrum.

Does Vodacom Lesotho have a 5G network?

In essence, Vodacom Lesotho's 5G network is not really open to the general public yet. They have not published their 5G network map nor made 5G smartphones, routers or other capable devices available. With a GDP per capita of 1,181.81 USD as of 2017, Lesotho is considered a lower-middle-income economy by the World Bank.

How many 5G base stations are there in China?

In data collected between July 2022 and June 2024, China was reported to have had around 3.5 million 5G base stations installed across the country, with Chinese mobile operators investing heavily in 5G infrastructure. By comparison, the European Union had around 460,000 thousand base stations, while the United States had approximately 175,000.

Does Liquid Telecom have a 5G network in South Africa?

Liquid Telecom used its 3.5GHz spectrum to build the 5G network in South Africa. Vodacom has made it clear its network is ready and capable of 5G-level traffic, but the lack of spectrum means they are unable to proceed with deployment.

How many 5G sites are there in South Africa?

The network has about 250 5G sites in parts of Johannesburg and Tshwane (Pretoria) as of October 2019 and hopes to extend these to over 700 5G sites

by the end of 2020. The network has gone fully commercial and is offering service to customers with a monthly subscription that comes with uncapped internet access.

Is rain a 5G network in South Africa?

Rain is a data-only mobile network in South Africa that launched in mid-2018. After some extensive tests, it has opened its commercial 5G network to some existing customers that are within its current coverage area.
