How many communication base stations are there in Western Europe

Overview

How many community radio stations are there in Europe?

There are more than 2,000 community radio stations broadcasting in Europe. In Ireland, 15 have been issued licences since 1993, and more groups wait in the wings for their chance to get on air. What is community radio?

What is the difference between this and other types of radio?

.

How many 5G base stations will China deploy in 2023?

An MIIT minister said that China's operators will deploy 600k 5G base stations in 2023, taking total to 2.9m. Astonishing scale of investment and execution in #China for #5G, creating a pervasive connectivity fabric that is driving massive digital transformation. 1.4 million base stations for 5G alone!!!.

Can a base station serve a radio?

Again, most of the sites have distributed RAN (D-RAN) so there may be one or more base stations (baseband unit or BBU) and each base station can serve one or more radios. See links at the bottom for tutorials on these topics.
