How much does a German rooftop photovoltaic panel cost

Overview

The average system price for rooftop PV systems in German single-family homes with and without battery storage rose by around 10% to €1,557 (\$1,711)/kW in the second quarter of 2023, in comparison with the first quarter of the year. How much does a rooftop PV system cost in Germany?

From pv magazine Germany The average system price for rooftop PV systems in German single-family homes with and without battery storage rose by around 10% to €1,557 (\$1,711)/kW in the second quarter of 2023, in comparison with the first quarter of the year. The prices are 21.9% higher than the second quarter of 2022 when they stood at €1,277/kW.

Is a solar rooftop PV system mandatory in Germany?

With the newly executed solar obligation agreement by the German government, a solar rooftop PV system is set to be mandatory for every residential and private property, as well as commercial businesses and other facilities in the coming years.

What is the average price of solar photovoltaics in Germany?

The average grid price of solar photovoltaics (PV) in Germany was approximately 51 US dollars per megawatt hour in 2019, compared to 26 US dollars in Spain.

How many GW of PV should be installed in Germany?

By 2030, 215 GW of PV should be installed in Germany. To this end, annual expansion is to be tripled, from 7.5 GW in 2022 1. to 22 GW in 2026. Roughly half of the expansion should be on roofs and half on ground.

How much does a solar system cost?

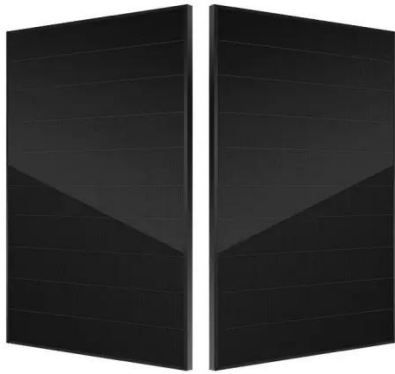

In a survey of 100 installers, EUPD Research found that prices for such systems range from €18,500 to €45,500. The values vary so largely because they are calculated by adding the minimum and maximum values of the

storage and the solar systems for size classes below and above 10 kW.

Will PV system prices fall in 2023?

According to EUPD Research figures, PV system prices for single-family homes in Germany rose slightly in the second quarter of 2023. Despite falling module prices, analysts do not expect costs to fall significantly in the coming months.
