# How much is the price of lithium energy storage power supply in Tbilisi

## Overview

---

What is the global market value of lithium?

Overall, the Global market value of lithium is expected to reach 19 billion U.S. dollars by the year 2030. TRACKED PRICES Here is an overview of historical lithium prices.

How does demand affect the price of lithium?

1. Supply and Demand The surge in demand and prices for lithium primarily arises from the increasing adoption of electric vehicles, energy storage solutions, consumer electronics, and various other technological applications. Therefore, as the demand for these products grows, the need for lithium also rises, subsequently influencing its price.

How much will lithium cost in 2030?

Thus, its rough price estimate will be around \$29, 438 per ton in 2030. However, this value remains subject to change due to factors like demand and supply dynamics, technological advancements, and a potentially more competitive market. Overall, the Global market value of lithium is expected to reach 19 billion U.S. dollars by the year 2030.

Does lithium ion cost a lot?

Lithium is not a significant contributor to lithium ion cell mass or cost. Reduction in global li price (approx. \$7.50/kg) to \$0 decreases cell cost by <3%. Lithium price of \$25/kg increases battery costs by <10%. Price changes will have minimal impact on consumers, could affect battery producers.

Who provides the lithium commodity price?

We provide the lithium commodity price for the following: Fastmarkets' mission is to meet the market's data requirements honestly and independently, acting with integrity and care to ensure that the trust and confidence placed in the reliability of our pricing methodologies is maintained.

What is a lithium futures contract?

The new lithium futures [contract] will provide our customers with another tool for managing the price risk associated with the manufacturing of electric vehicles. Get long-term clarity and market intelligence in the critical lithium market Understand the battery material demands of today and plan for tomorrow Trade on market-reflective prices
