Overview

How much does Hungarian government spend on energy storage projects?

The Hungarian government has allocated HUF 62 billion (EUR 158 million) for energy storage projects with an overall 440 MW in operating power. Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago.

Will Hungary support large-scale energy storage projects?

The European Commission has approved a €1.1 billion scheme from the government of Hungary to support large-scale energy storage projects.

What is Hungary's energy storage goal?

The ministry said that Hungary has set its 2030 energy storage goal at 1 GW in the updated National Energy and Climate Plan. [Home » News » Electricity » Hungary awards EUR 158 million for 440 MW of energy storage.](#)

Which energy storage companies are deploying large-scale Bess projects in Hungary?

System integrators Tesla and Wärtsilä have deployed large-scale BESS projects in Hungary previously. Energy-Storage.news' publisher Solar Media will host the inaugural Energy Storage Summit Central Eastern Europe on 26-27 September this year.

Does Hungary have an Energy sector?

Energy sector in Hungary, excluding financial institutions, and allows for cross-border participation. While all storage technologies are eligible, the Hungarian authorities, upon notifying the measure to the Commission, anticipated that the majority of proposals would invol.

Is MAVIR building a 20 MW energy storage system in Hungary?

With funds obtained within a previous program, the country's transmission system operator MAVIR is already building a 20 MW energy storage system in Szolnok in central Hungary, the ministry noted.
