

SolarInvert Energy Solutions

Hybrid solar inverter factory in Brasilia

Overview

Is Brazil a good place to buy a solar inverter?

Last Updated on May 26, 2025 by Jim Brazil is one of the countries that plays an important role in the renewable energy world. With the growing consumer demand for clean, green energy, Brazil has become home of one of the leading inverter manufacturers.

What is a hybrid inverter?

NHS Solar manufactures hybrid inverters, which can be connected to both solar panels and the main grid. Where the use of this hybrid inverter has tremendous advantages, which can make energy use much more efficient. The Hybrid Inverter production of NHS Solar itself has several advantages that are not inferior to several well-known brands.

Which Solis Inverter models are available for Brazil?

Solis's New Models for Brazil Solis has launched two advanced inverter models for Brazil: the S6-EH3P (30-50)K-H and the S6-EH2P (5-8)K02-SV-YD-L. These new models will bring significant improvements to energy storage and power management for residential and commercial customers.

Who makes PHB solar inverters?

PHB Solar was the first manufacturer to be certified by INMETRO in Brazil, proving that PHB's products meet safety and quality standards. PHB Solar's inverters are known for their outstanding performance and quality, with an efficiency rate of more than 97%.

Who are Solis solar inverters?

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop projects, and residential solar systems.

Why is Brazil investing in a new photovoltaic factory?

The investment in the new factory in Brazil will help the country, which is already one of the leading players in the global photovoltaic market with new installations, to position itself as a significant player in the manufacture of equipment for this industry, Varanda explained.
