Israel 5G base station communication in 2025

Overview

Who has the best 4G/5G network in Israel in 2025?

Partner and Cellcom have the strongest mobile network and the best 4G/5G coverage in Israel in 2025. Pelephone has a great 5G network in Israel, Hot Mobile has the weakest 4G/5G mobile data network in Israel in 2025.

What is 5G & how does it work in Israel?

The fifth generation of cellular networks, 5G, officially launched in Israel on Tuesday. It offers customers faster browsing speeds on their smartphones – if they can connect to it. Following some setbacks over tenders and upgrades, the network officially launched across the country.

What will happen to 2G and 3G in Israel in 2025?

However, existing 2G and 3G customers will still be able to receive service. At the end of 2025, old technologies will no longer get reception from mobile operators. “We are leading the State of Israel toward a new era in the field of communications infrastructure,” said Communications Minister Yoaz Handel.

How many 5G sites are there in Israel?

The first offers 500 gigabytes of Internet surfing for NIS 60 per month for five years. The second offers a terabyte (1,000 GB) for NIS 70 per month for five years. Together, the providers say they have installed 250 5G sites throughout Israel, with more being added regularly.

How many GB is a terabyte of 5G in Israel?

The second offers a terabyte (1,000 GB) for NIS 70 per month for five years. Together, the providers say they have installed 250 5G sites throughout Israel, with more being added regularly. Pelephone offers 200 GB of Internet surfing for NIS 50 per month or 500 GB for NIS 60 a month.

How many cell networks are there in Israel?

Today, there are three cell networks in Israel: Pelephone's, Cellcom and Wecom's, and Partner and Hot Mobile's, Calcalist reported. The companies own, operate, and maintain these on their own, and the ministry wants to enable the entrance of other players into this field, Calcalist said.
