### How does Kiribati get its energy?

The Ministry of Public Works and Utilities is responsible for the planning, management and co-ordination of the energy sector. At present, Kiribati gets all its fossil fuels through imports.

### Who owns Kiribati oil?

The process is managed by the government-owned Kiribati Oil Company, which imports and supplies fuels for direct use, power generation and transport – usually through contracts with large multinational oil companies. Groundwater is the main source of freshwater for South Tarawa and outer island residents.

### Who provides telecommunications services in Kiribati?

Telecommunications, including domestic and international telephone services, mobiles and internet services, are provided by Telecom Services Kiribati, which is fully owned by the government. In July 2005 the Telecommunications Authority of Kiribati was established after the enactment of the

Telecommunications Act.

Does Kiribati have a biofuel industry?

Kiribati has established a national task force on biofuels, consisting of the Ministry of Works and Energy, the Kiribati Copra Milling Company and the national Kiribati Oil Company, to lead the way in establishing a national biofuel industry.
