

SolarInvert Energy Solutions

Koten circuit breaker factory in Dominican-Republic

Overview

Is Eaton the first electrical manufacturer in the Dominican Republic?

"We're proud to be the first electrical manufacturer in the Dominican Republic with a dedicated hub for design innovation that will also serve as a pipeline for long-term engineering jobs in the region," said Luis Valeiron, engineering manager for Eaton.

How long has Eaton been in business in the Dominican Republic?

"Eaton has been in operation for more than 35 years in the Dominican Republic, not only being one of the largest manufacturers in the country, but also making significant investments in support of our communities, which underscores the stability of our business climate and the security of our free zone regime legal framework.

Why is Eaton the biggest exporter in the Dominican Republic?

Their trust, as well as the investments made in our country, have positioned Eaton as the largest exporter in the free zone sector and one of the main direct jobs generators in the Dominican Republic, " said Víctor Bisonó, Minister of Industry, Commerce and Micro, Small & Medium Enterprises.

What is Eaton's New Santo Domingo Design Center?

Eaton has committed \$3B in research and development to accelerate the development of sustainable solutions by 2030. The company's new Santo Domingo Design Center advances this mission to help customers in the Americas accelerate a low-carbon energy future.
