

SolarInvert Energy Solutions

Kuwait Photovoltaic AC Combiner Box Manufacturer

Overview

What is a PV AC combiner box?

The new PV AC Combiner boxes have been designed for PV systems with string inverters in trackers or fix tilt systems. The product portfolio is suitable for inverters from 60 kW up to 200 kW and support voltages of 400 V, 690 V or 800 V AC. The combiner boxes allow to collect from 2 up to 6 string inverters in one single cabinet.

How many string inverters can a combiner box collect?

The combiner boxes allow to collect from 2 up to 6 string inverters in one single cabinet. They withstand ambient temperatures from -20 up to $+50^{\circ}\text{C}$ to operate in hardest climate conditions, fulfilling the highest market standards as per IEC 61439-2 ed 3.0:2020. Fast delivery time of maximum 4 weeks.

What makes ipkis a good AC combiner box?

IPKIS uses well-known brands of components from both domestic and international sources, all of which have relevant certifications from reputable organizations. Internal live parts are shielded by flame-retardant, anti-static, and high-temperature-resistant PC transparent covers. Our PV AC combiner box achieves an impressive IP67 protection rating.
