

## SolarInvert Energy Solutions

# Laos Communication BESS Power Station Equipment

## Overview

---

Where is power transmitted cross-border from Laos to neighboring countries?

Power is transmitted cross-border from the Laos system to neighboring countries. At that time, the power transmission and distribution systems in areas where cross-border power transmission and reception is carried out with China, Cambodia, and Myanmar, which.

When will Power Plants be returned to the Lao Government?

They will be returned to the Lao government after approximately 25 to 30 years of operation. Also, at this time, it will be overhauled and returned. Power plants for domestic supply are projects run by EDL (Electricite Du Laos), EDL-Gen (EDL-Generation Public Company), or IPP, sell power to EDL, the domestic power transmission and.

What is the role of EDL-T & EDL-Gen in Laos power system?

Many stakeholders such as EDL-T and EDL-GEN have entered the power system in Laos. Appropriate regulation and supervision by the Ministry of Energy and Mines (MEM) is necessary from the perspective of ensuring fairness and ensuring the stable supply and quality.

What is Lao CERT?

The organization called Lao CERT by the state. Law on Electronic Data Protection law that stipulates principles, rules, and methods regarding the operation, monitoring, and activities of electronic data protection for the purpose of protecting the rights and interests of the country, etc.

What is laocert (Lao Computer Emergency Response Center)?

LaoCERT) was established under the Lao Computer Emergency Response Center (LaoCERT). LaoCERT is a technical unit with a status equivalent to a department within the Ministry of Posts and Telecommunications, and plays the role of the main department for preventing and resolving computer system

emergencies within the Mi.

Who is exempt from taxation in Laos?

onsultants and contractors engaged in the project is exempted from taxation in Laos. □ Excise tax (consumption tax): Lao PDR consumption tax (excise tax) on items purchased in Laos related to the project (construction materials, equipment, fuel, et
