

SolarInvert Energy Solutions

Laos solar energy storage battery manufacturer

Overview

Who is LS solar?

LS SOLAR ENERGY SOLE CO.,LTD. The module factory established by LS Solar in the Saysettha Development Zone in Vientiane, Laos, is of great significance. It represents a crucial layout in the Southeast Asian market and demonstrates LS Solar's confidence and commitment to the development of the renewable energy industry.

Does Laos have a solar sector?

The news is also a positive development for the Laos solar sector. Last year, the country began construction on its first large-scale solar farm, a 50MW project in the south-east province of Attapeu, and the government has already made plans to expand its solar sector further.

Is Laos a good country to invest in solar?

The government aims to increase the contribution of renewables to 11% by 2025, and while SolarSpace did not specify where its Laos-made modules would be shipped, the presence of a major manufacturing facility in the country is an important step in demonstrating the viability of Laos as a country capable of significant solar investment.

Where is SolarSpace based?

SolarSpace's newest manufacturing facility is its first in Laos. Image: SolarSpace Chinese PV cell and module manufacturer SolarSpace has started cell production at its latest manufacturing facility, a 5GW factory in the Saysettha Development Zone in Laos, near the Thai border.

How many manufacturing facilities does SolarSpace have?

SolarSpace now operates a total of six manufacturing facilities, with a combined annual production capacity of 35GW, and will be keen to expand its operations elsewhere in Southeast Asia.
